Cresco Capital Markets (UK) Ltd. offers its Clients the possibility to request reclassification and thus to increase or decrease the level of regulatory protections afforded. Where a Client requests a different categorisation (either on an overall level or on a product level), the Client needs to meet certain specified quantitative and qualitative criteria. On the basis of the Client's request.

Cresco Capital Markets (UK) Ltd. undertakes an adequate assessment of the expertise, experience and knowledge of the Client to give reasonable assurance, in the light of the nature of transactions or services envisaged that the Client is capable of making his/her own investment decisions and understanding the risks involved. In the event that the Client elects not to provide the information required by the Company, or where the Client provides insufficient information, the Company shall warn the Client that such a decision will not allow the Company to determine whether the service or product envisaged is appropriate for the Client. If the Company has given a warning to the Client as provided in this paragraph, the Company shall only provide the Services requested and in respect of which the warning was given, if the Client submits a specific request in writing to the Company in the form determined by the Company from time to time.

SCHEDULE 1 TERMS OF FX SPOT AND CFD MARGIN TRADING

This Schedule 1 sets out terms that apply specifically to investing in our FX Spot and CFD Margin Trades on an Account.

FX Spot and CFD Margin Trades.

A FX Spot and CFD Margin Trade is a cash-settled contract which seeks to track an investment in the relevant underlying asset without the usual costs and rights associated with an investment in that underlying asset. However, other costs and rights will apply to a FX Spot and CFD Margin Trade. A FX Spot CFD Margin Trade will not entitle you or us to any rights in relation to the underlying asset of that CFD Margin Trade.

Products.

You will be able to access relevant information on each Product, including its Attributes, through the Product Library. The Products available may vary depending on the Account type and/or feature. Please see the Platform for details of which Products are available. You may only enter into or close FX Spot and CFD Margin Trades via our Platform and/or through our client support team during the Trading Hours specified in the Product Library for the relevant Product. It is your responsibility to monitor the Trading Hours as specified in the Product Library. Some but not all types of Orders may be submitted through our Platform and/or our client management team outside of the Trading Hours for the relevant Product.

Prices.

During the Trading Hours for any Product, our Platform will generate Prices and Price Depth and you acknowledge that these Prices may differ at any time to those displayed on your device. The Price at which an Order will be executed may be less favourable to you than the Price displayed on our Platform and/or provided to you by our client support team when you place the Order and you are responsible for checking the Price at which an Order may have been executed.

Currency Conversions.

All Deductions and credits applied to your Account will be in the relevant Account Currency. Where the relevant Product Currency is different to the relevant Account Currency, all calculations of Deductions and credits will be undertaken in the Product Currency and converted into the Account Currency at the Currency Conversion Rate.

Our Platform will retain information about the Currency Conversion Rate in relation to your Account.

Orders.

To enter into a FX Spot and CFD Margin Trade, you must place an Order on our Platform that identifies the Product and provides the information requested on our Platform in relation to that Product. An Order will only be deemed to be received by our Platform at the time at which our Platform actually receives it, which may not be immediately after you submit that Order.

Placing an Order does not guarantee that a CFD Margin Trade will be entered into as the LP reserve the right to reject your Order without any explanation. A record of any executed or rejected Orders can be accessed through our Platform.

Margin

A variety of Margin requirement will be applied to each FX Spot and CFD Margin Trade you place on the Platform which you are required to meet in order to place that FX Spot and CFD Margin Trade. We provide detailed information on our Platform regarding these Margin requirements. The Margin requirements in respect of any FX Spot and CFD Margin Trade may fluctuate and you may incur losses from any FX Spot and CFD Margin Trade that exceed the Margin you have provided to us for your Positions.

Risk Management

You may set a variety of risk management options in respect of a FX Spot and CFD Margin Trade at any time via the Platform. Further information on the types of risk management options are available on our Platform.

We will set various limits in relation to FX Spot and CFD Margin Trades and it is your responsibility to ensure that you know what all the current limits are before placing or modifying any Order to open a FX Spot and CFD Margin Trade by checking the information available on the Platform.

If, at the time an Order would otherwise be executed, the execution of that Order would result in a breach of a limit relevant to that type of Order, the Order will be automatically rejected.

Where the acceptance of a Pending Order or modification of an existing Pending Order would result in a breach of a relevant limit, the relevant Order or modification will be rejected by our Platform.

Profit and Loss

Details of the Unrealised Profit or Loss (and its relationship to Realised Profit or Realised Loss) for any individual Fx Spot and CFD Margin Trade are provided via the Platform.

The Unrealised Profit or Loss displayed on our Platform at any time may not accurately reflect the Realised Profit or Realised Loss that would be gained or incurred if you closed one or all of the FX Spot and CFD Margin Trades immediately.

If there is sufficient money in your Account and/or you have sufficient Realised Profits to cover any Realised Loss in full, then a Realised Loss will be due and payable immediately. If not and the Account Revaluation Amount for the Account goes below the Close-Out Level, the Realised Loss will become due and payable immediately.

Swap Cost

We will charge Swap Fees for FX Spot and CFD Margin Trades. You must ensure that you have sufficient funds in your account to cover the Swap Cost.
